EDUCATION

2018 - 2020 AL - HAQQANIYA ARABIC COLLEGE

Ordinary Level

2018 - 2020 KEKUNAGOLLA NATIONAL COLLEGE

 Advanced Level in Physical Science (A B B)

2022 - PRESENT
UNIVERSITY OF COLOMBO SCHOOL OF COMPUTING

• BSc. in Computer Science

SKILLS

- Project Management
- Problem Solving Skills
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

INSAF AHMEDH

INTERN DATA ENGINEER

PROFILE

As a 3rd-year Computer Science undergraduate at the University of Colombo School of Computing, I am seeking an opportunity to enhance my technical skills and knowledge through a data engineering internship. I have experience in designing and implementing data pipelines, managing databases, and working with large datasets to ensure efficient data processing and integration. Skilled in SQL, Python, and ETL tools, I am eager to contribute to building scalable data architectures that support robust data analysis and facilitate data-driven decision-making

PROJECTS

Creating a ETL pipeline

Github Link

- I implemented a data engineering pipeline using PySpark to handle data extraction, transformation, and loading (ETL) operations. The code connects to a PostgreSQL database to retrieve movie and user data, performs data transformations to compute the average rating for each movie, and writes the resulting data back to the database
- Technologies: Python, PySpark, Apache Spark, PostgreSQL, JDBC

Prescripsmart (Digital prescription Hospital System) Github Link

- This system is a solution designed to enhance various aspects of healthcare, including electronic prescriptions, patient inquiries, appointment scheduling, lab results, and pharmacy medications analysis, such as identifying the most prescribed medicines and marking medicines as issued
- Technologies: Html, Css, Javascript, Php, MySQL

EmpowerPro (Employee Management System)

Github Link

- It is a comprehensive web-based solution tailored for IT industries, combining essential management tools into a single, intuitive platform to enhance organizational efficiency
- Technologies: Html, Css, Bootstrap, Javascript, React, Java Spring boot, PostgreSQL

MEMBER

 IEEE student branch of UCSC

PARTICIPATED COMPETITIONS

- IEEE CODE SPRINT 8
- IEEE IX 23

REFERENCE

Mrs. MATHANGI KRISHNATHASAN

- BSc (Hons) IT (University of Moratuwa)
- Lecturer (Probationary) at University of Colombo School of Computing

Phone: +94 773 311 798 **Email:** mk@ucsc.cmb.ac.lk

Ms. DMOK Dasanayake

- BSc(Hons) SE (University of Kelaniya)
- Assistant Lecturer at University of Colombo School of Computing

Phone: +94 71 540 5887 **Email:** kau@ucsc.cmb.ac.lk

TECHNICAL SKILLS

PYTHON Apache Spark AIRFLOW

JAVA MYSQL DOCKER

POSTGRESQL MONGODB GIT & GITHUB

COURSES AND CERTIFICATIONS

- Data Engineering Foundations(LinkedIn)
- Docker for Developers(LinkedIn)
- Data Science Foundations: Fundamentals (LinkedIn)
- Data Science Methodologies: Making Business Sense (LinkedIn)
- AWS EDUCATE INTRODUCTION TO CLOUD 101 (AWS Educate)
- 100 DAYS OF CODE The Complete Python Program (Udemy)
